- **Permanent supportive housing program with 7 units.**
- **Applied for an additional supportive housing program.**

- **Community Treatment Teams**
- **Mobile Mental Health Treatment**
- **Peer to Peer**

- Developing educational series to assist consumers and providers in understanding the recovery philosophy.

- On – going dialogue with Southwest Regional Medical Center in reference to their place in the county’s continuum of care.

**Greene County Human Services**  
is focused on understanding the  
principles of recovery and their  
applications in the area of current  
and new program development.

A faint, semi-transparent image of two hands shaking is visible in the lower half of the slide, serving as a background for the text.

Greene County is working diligently with OMHSAS, MRSAP Steering Committee, Value Behavioral Health, provider agencies and other stakeholders in identifying County specific and regional needs for the expansion of current and the development of new services for our residents.
