

WASHINGTON COUNTY

MENTAL HEALTH /MENTAL RETARDATION PROGRAM

Mayview Regional Service Plan

(MRSAP)

Infrastructure Development

Phase 1 and Phase 2

Infrastructure Development

Phase 1

3 Services were primarily developed out of phase 1.

- All implementation, delivery and oversight provided by Southwestern Pennsylvania Human Services Behavioral Health (SPHS). They are:

1. Community Treatment Team (CTT)

- MSH and community consumers are being served.
- Team Members are blended , i.e.. Psychiatrist, RN, Team Leaders, 3 Caseworkers, Peer Specialist.
- Current Expansion taking place within the agency
- Additional development of CTT teams is the goal for the future
- Currently working with 14 consumers – state hospital and the community

Washington County CTT team works collaboratively with other county agencies.

For Example:

- Working with consumers in our Wellness Initiative.
- Vocational assistance - Both for volunteer jobs and part time jobs
- Housing – providing substantial in home supports to people living in the community

All are provided in collaboration and coordination with agencies delivering those services.

2. 24 Hour Mobile Crisis Services

- Started last month
- Trained Crisis Workers
- Provides Mobile Outreach
- 24 hour a day/ 7 days a week availability
- County Wide
- Identified in our county planning process for the past several years – having the dollars available got it started

3. Crisis Stabilization/Diversion Unit

- 4 Bed Facility with expansion capability
- Psychiatrically Supervised
- Used to stabilize consumers symptoms, divert inpatient hospitalizations, and provide a foundation of being able to deal with most situations without hospitalization
- Promote hope and the recovery philosophy
- County wide
- To be available for admissions – Mid May

Start up by Phase 1 – Supported by Phase 2 dollars.

Washington County Rep-Payee Program

Expansion of the current Rep-Payee program now in place under the supervision of The Mental Health Association of Washington County. They have 2 full time workers.

Another possible worker to be considered for employment in the new fiscal year. As a result, a waiting list should no longer exist.

Phase 2

Enhanced Personal Care Home:

- Located in Monongahela
- 12 – 16 beds (12 to start)
- Director is a Psychiatric Nurse
- Staff will receive additional training pertinent to understanding and providing for Behavioral Health Consumers
- Developed for MSH consumer discharges and a diversion option from community inpatient facilities
- Recovery Based
- Recovery Driven
- Mental Health Community supports will be in place
- Community Integration is the primary goal
- Services to be received in the community both physical health and behavioral health
- Referral for admission is through the County MH/MR office

Future Focus:

- Wellness Initiative Enhancements
- Peer Mentor/Support Service
Development
- Family Outreach/Education
Services
